Buck McKeon – Preserving Nature’s Legacy

In the tradition of the great conservationist President Teddy Roosevelt, Congressman Buck McKeon is a strong believer in preserving our precious natural resources and protecting our environment.

Buck McKeon has secured \$10.175 million in federal dollars to fund a study of how best to clean up Santa Clarita Valley’s groundwater. Efforts have begun to remove the chemical, perchlorate, from our drinking water.

Buck McKeon successfully carried legislation that saved Elsmere Canyon from becoming the largest landfill in the nation.

Working with the City of Santa Clarita, Buck McKeon has introduced legislation that would reduce the size of the CEMEX mine to “historical” levels.

Buck McKeon has obtained \$9.3 million to realign the Pacific Crest Trail. His vision is a “coast to coast” trail spur to reserve an open space corridor from Soledad Canyon to the Pacific Ocean.

Buck McKeon has authored legislation that protects our wilderness areas while providing recreational opportunities for all.

“I will continue to fight for clean water, more open space and preserving our natural resources.”

– Congressman Buck McKeon
