

Dear Friend,

It is a great honor to serve as your representative in Washington.

You sent me to Congress to represent your ideas and values.

Your concerns are my top priority. I have and will continue to fight for you.

I would be honored to have your support.

Sincerely,

Buck McKeon

Buck McKeon.

Buck McKeon represents our values in Congress.

- ✓ Voted to secure our borders.
- ✓ Voted to reduce taxes for working families.
- ✓ Has been a leader in strengthening our military.
- ✓ Has been a leader in reforming public education.

Buck McKeon

Strong & Effective Leadership in Congress

Securing our Border

Illegal immigration is costing California taxpayers \$12 billion annually. Buck McKeon has voted to increase the Border Patrol by 10,000 agents and to complete the three-mile fence at the U.S.-Mexico border near San Diego.

We must first secure our border before we can have a dialogue on immigration reform.

Strengthening National Security

Buck McKeon has led the way to secure defense projects for our district, including the B-2 Bomber modification program, Global Hawk, and the Joint Strike Fighter. He will continue to work hard to support projects that give our armed forces the latest in technology and bring high paying jobs to our district.

The best way to maintain peace is through a strong military.

Lowering Taxes

Buck McKeon knows every penny counts for working families. He supported eliminating the marriage penalty so working couples won't pay higher taxes for saying "I do." He also supported increasing the child tax credit, repealing the Death Tax, lowering the Capitol Gains Tax, and reducing the Alternative Minimum Tax.

Families know best how to spend their money, not government bureaucrats.

Providing Access to Education

As Chairman of the House Education & Workforce Committee, Buck McKeon knows that education is the great equalizer.

He has cut student loan rates, increased Pell Grant funding and helped create a national commission to study why college tuition is rising three times faster than inflation.

Education is the gateway to opportunity.

Preserving Natural Resources

Buck McKeon knows we have a moral obligation to be stewards of our natural resources.

He has authored legislation that protects our wilderness areas while providing recreational opportunities for all.

More open space enhances our quality of life.
